

SOFTWARE-ENABLED FLASH™

## Software-Enabled Flash™

TSC Meeting July 28<sup>th</sup>, 2022

 THE **LINUX** FOUNDATION

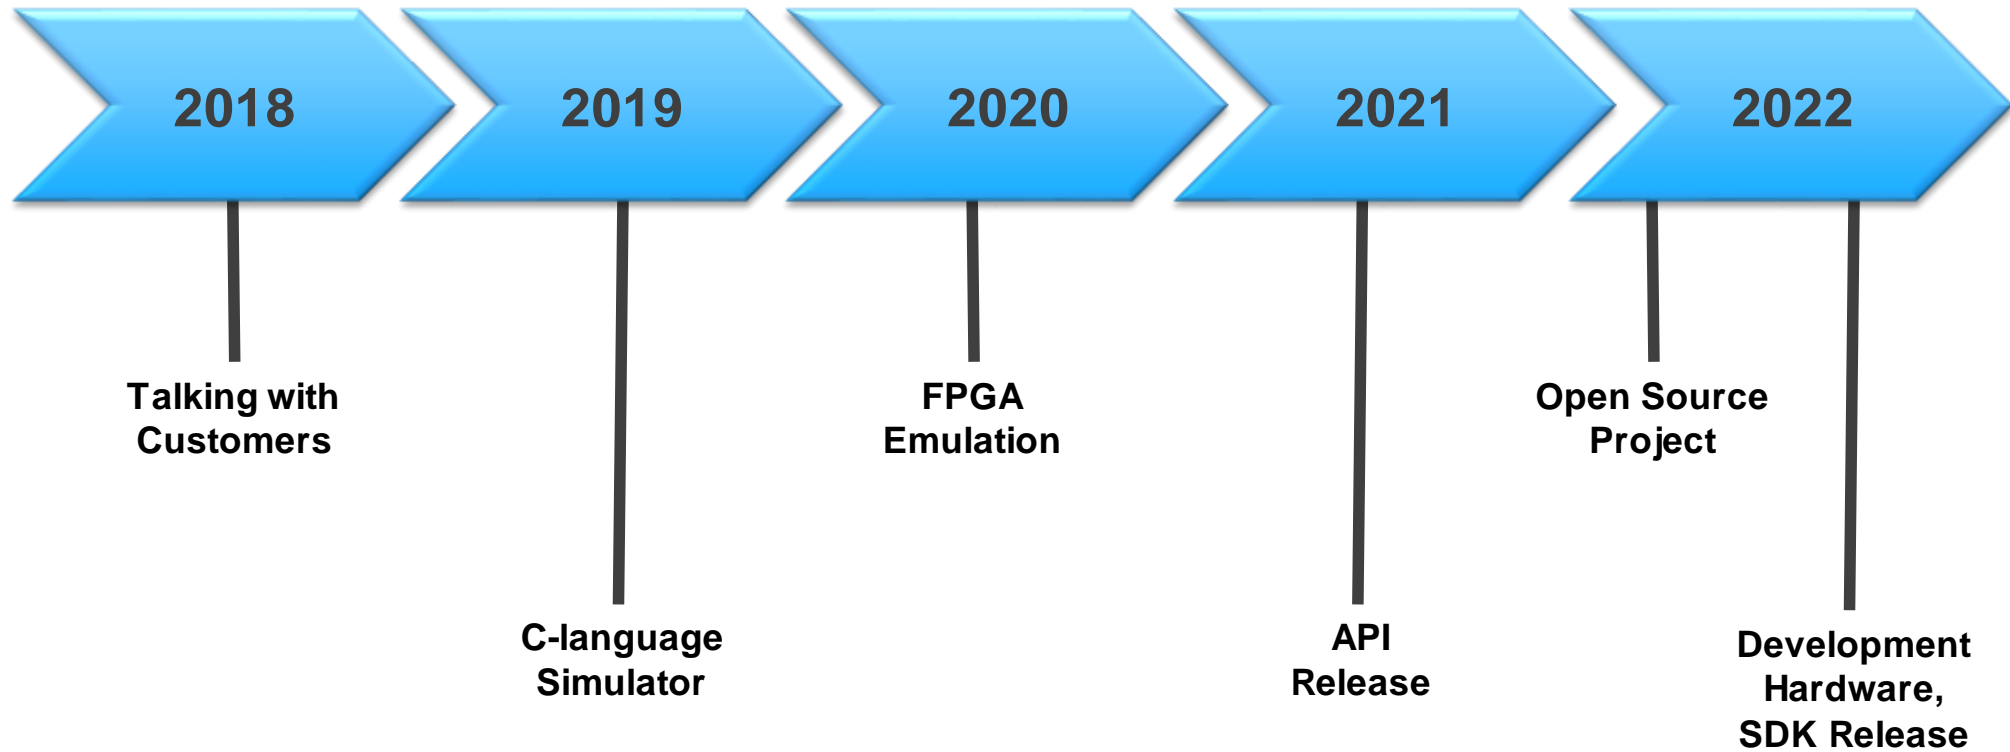

# Software-Enabled Flash Project - TSC Meeting Agenda

1. **Welcome**
2. **Introduction and timeline**
3. **Updates on development of the API**
4. **Status of SDK availability**
5. **Extensions to the project**
6. **Follow up and getting involved**
7. **Open discussion**

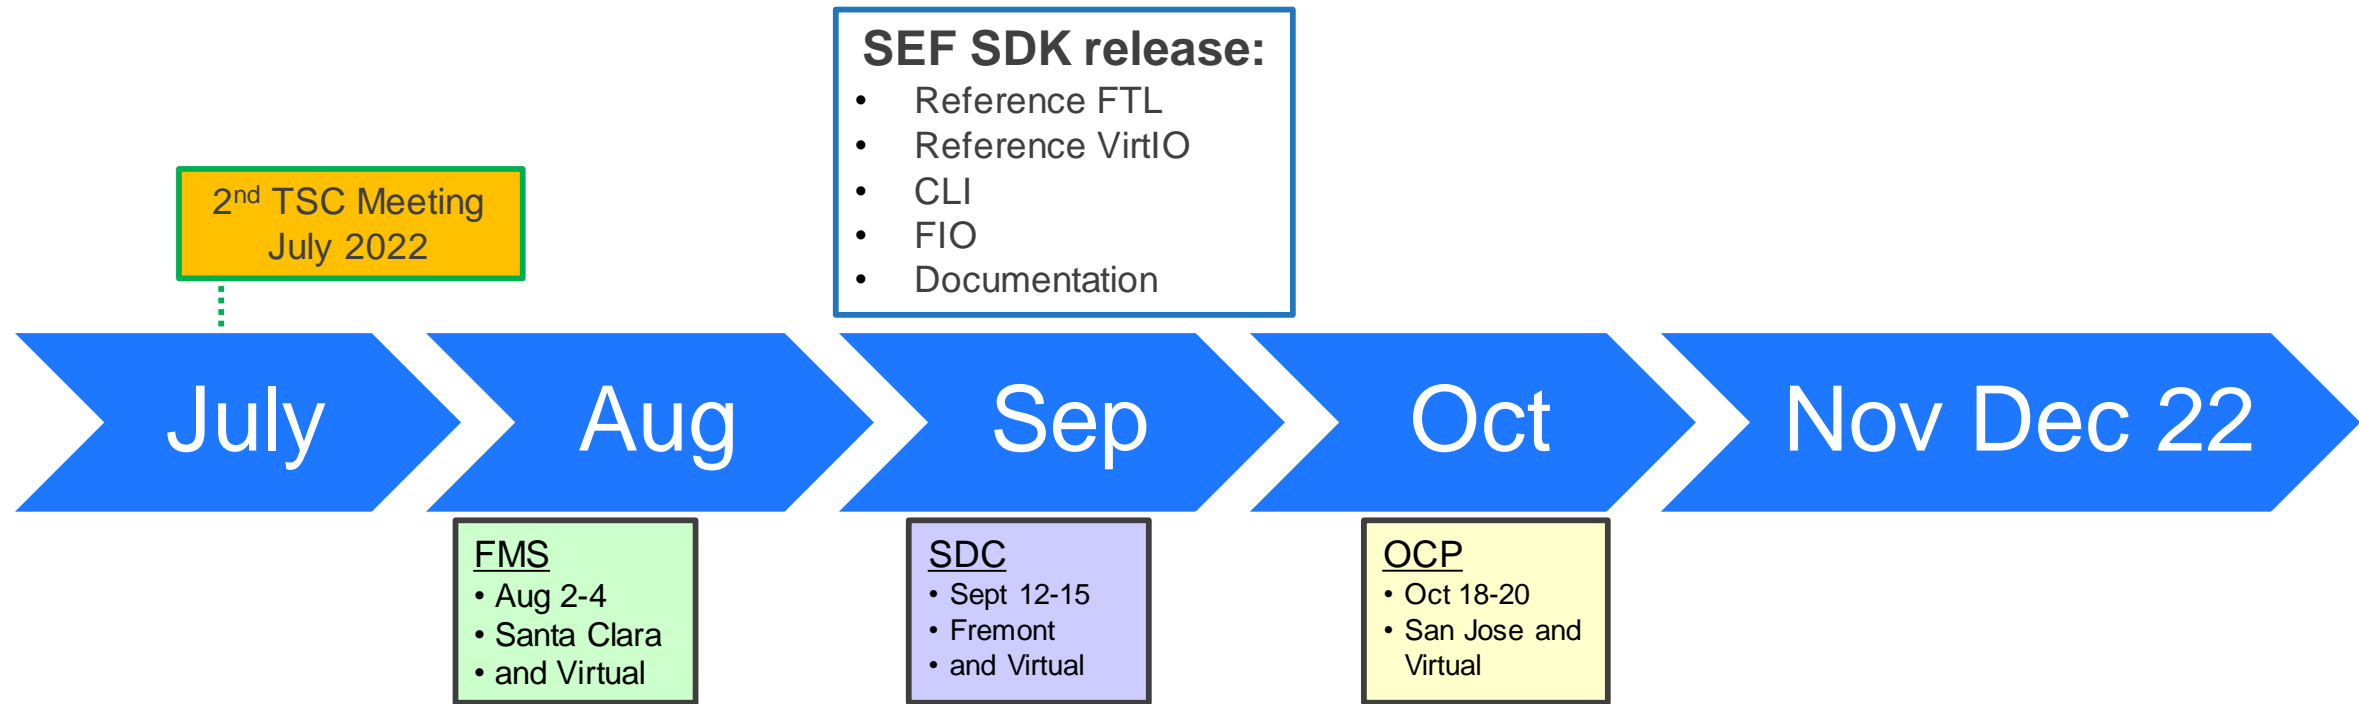

# Linux Foundation Code of Conduct

- › LF Projects is committed to maintain a positive, professional work environment. This commitment calls for workplaces where participants at all levels behave according to the rules of the following code. A foundational concept of this code is that we all share responsibility for our work environment.
- › Full code text
  - › <https://lfprojects.org/policies/code-of-conduct/>

# How did we get here?

# SEF 2022 2H Timeline

## SEF @ Major Flash Events

- Tradeshow Events
- Project Updates and Product Deliverables

# SEF at Flash Memory Summit (FMS) Aug 2-4

- › **SEF will be part of opening keynote**
- › **SEF Seminar Wed Aug 3 at 3:30 in the NVMe track**

**Software-Enabled Flash™**  
A Linux Foundation Open Source Project  
designed for flash storage innovation

## A force-multiplier in data center economics

Drop the legacy HDD paradigm

- A software-defined flash API
- Optimized for flash's digital nature
- Define and deliver 'quality of service'
- Improve flash economics
- For TCO driven solutions in the cloud

\* The Linux Foundation and Software-Enabled Flash Project and logo are trademarked by the Linux Foundation

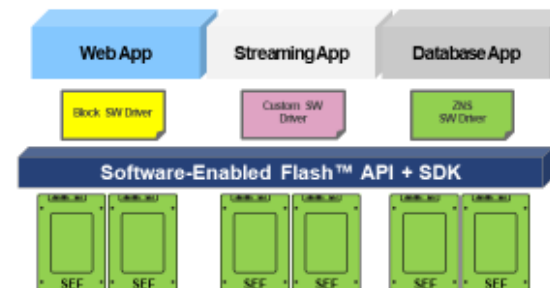

2

## Hardware & Software Working Together

the Software-Enabled Flash™ value proposition

One software-defined drive

- **Multiple applications**
- **Multiple protocols**
- **Fully customizable**
  - Data placement & workload isolation
  - Control over latency outcomes
  - IO control & advanced queuing

## For TCO advantages in data center economics

\*SEF compliant 3<sup>rd</sup> party controllers are available from Marvell®  
Marvell is a registered trademark of Marvell and/or its affiliates.

The Opportunity

# Flash is Now Software Defined

# SDK UPDATE

- › **SEF SW Development Kit**
  - › **SEF Library**
  - › **SEF reference FTL**
  - › **SEF CLI**
  - › **SEF FIO**
  - › **SEF QEMU Block driver + ZNS**
  - › **NVMe Driver / IO\_URING enhancements**
- **Documentation**
  - › **SEF API specification**
  - › **SDK document**
  - › **SEF command set specification**

**SDK enables developers to evaluate and test Software-Enabled Flash™ without writing a single line of code**

# Collaboration Resources

- › **GitHub**

- › <https://github.com/SoftwareEnabledFlash/>
- › <https://github.com/SoftwareEnabledFlash/TSC/>

- › **Online API Docs**

- › <https://softwareenabledflash.github.io/SEF-API/>

- › **Mailing List**

- › <https://lists.softwareenabledflash.org/g/sef-dev/join>

- › **Sign Up for SEF Project**

- › <https://enrollment.lfx.linuxfoundation.org/?project=sef>

# Open Discussion
